STATEMENT OF SUBSTANCE OF INTERVIEW

MS Issue Fee
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

This correspondence summarizes the substance of interviews which occurred on 3/29/2006 and 3/30/2006. The substance of the interviews was that following the claim amendment in the response to final rejection, "a base current supply section for supplying a base current to the output transistor according to an input signal ~~from an outside~~" that there should be some limitation directed to the input signal in this limitation being from an external source. An amendment to this effect was agreed upon.

Dated: April 11, 2006

Respectfully submitted,

By
